# About Vision online services

We offer an online service for our patients so you can book your appointments and order your repeat prescriptions online at your convenience.

## Online appointment booking

Have the flexibility to book routine GP and cancel any of your appointments from home, at work or any location with internet access. You don't need to queue at the practice, wait on the telephone and you can manage your appointments outside practice opening hours.

## Request your repeat prescriptions online

Request your repeat prescriptions quickly online by logging into your account and simply ticking the appropriate boxes. You can review the progress of your repeat prescriptions and any message that the practice may have sent to you.

## Access to Medical Records

You may also request access to be able to view aspects of your medical record. Currently only your medication history and any allergies or adverse reactions are available to view. This functionality will expand over the next few years. Please indicate below which parts of your record you would like to be able to view online (when available).

- Medical History (e.g. diagnoses)
- Medication History
- Risks & warnings (Allergies etc.)
- Procedures (Operations & Vaccinations)
- Investigations (Test results) – **NB You may be able to view results before a GP has commented on or reviewed them.**
- Examinations (measurements such as BP or weight)
- Events & Appointments (List of appointments at Practice, referrals done etc)
- All of the above**

*If you already have an online account, but wish to now have access to parts of your medical records, please print your name, date and sign below. Remember to indicate above which areas you would like to view. There is no need to complete the left-hand side of this form.*
